Decision brief · 2026-09-20

An agreed research brief connecting demand evidence, competing supply, project parties and participation routes.

PUBLIC SAMPLE: limited public-source evidence

See the evidence, its limits and the next action.

What completion looks like

A scoped account plan and verified next steps; an agreed no-opportunity finding is a valid result.

Evidence still required

Client service scope and capacity; direct confirmations where public evidence is insufficient.

Investigate: 3

Queue order: review tender notices first, then awarded-contractor/partner research and procurement-plan discovery. Within each class, listed deadlines sort earliest first. This is a review rule, not a recommendation to bid or a win-probability estimate.

First records to review

All actions are in the workbook, CSV and offline workspace. The order is an operational review queue, not a profitability or win-probability forecast.
